PROFESSIONAL SUMMARY

After a successful career in Food and Beverage, I transitioned to software development with the University of San Diego. I’m eager to apply my organizational skills, problem-solving, and leadership to innovative software projects.

SKILLS PROFILE

Development Tech: HTML, CSS, UX/UI, JavaScript, React & Redux, SQL, Cybersecurity, Python, Typescript, SCSS
Databases: Familiarity with NoSQL databases like MongoDB, SQL, and relational databases (MySQL, PostgreSQL)
Security: Cybersecurity
Deployment Tools: Familiar with Render

PROJECT EXPERIENCE

Milestone Projects | SDSU (10/2023 - 04/2024)

Collaborated on key projects like 'Wear it Again Wardrobe,' 'San Diego Coastal Paradise,' and a browser game, using React.js and React Bootstrap to improve UX/UI and responsiveness. Designed a functional memory game, applied front-end best practices, and solved challenges. Demonstrated strong teamwork, leading to project success with top scores and a 90% approval rate from beta testers.
